ZMC-100

Agricultural Drying Agent

**Available in:
15, 25 and 907 kg**

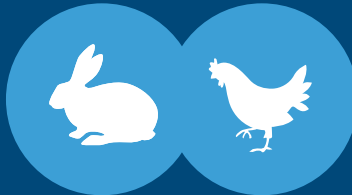

ZMC-100 is made of 100% pure clay, which has the property of absorbing several times its weight in water. It is totally safe for farm animals and certified organic.

ZMC-100 use on surfaces will help reduce moisture which can promote bacterial spreading. Furthermore, the clay present in ZMC-100 helps reduce ambient air ammonia level which may cause animal's respiratory tract irritation, creating then a healthier environment.

Instructions For Humidity Control

Horse
100-200 gr/m²
on the floor

Barnyard
Spread 100 gr/m²
every 2-3 days

Dairy Cattle
100 gr/m² every 2 days
