WHY UKAL CANADA?

With more than 50 years of experience, UKAL is the livestock specialist.

Ukal distinguishes itself by providing focussed, customer service, high quality products and expedient order delivery.

Renowned for more than 50 years, UKAL Élevage, a company from Alsace-France, established in 1998, a subsidiary in St-Hyacinthe, Québec - UKAL CANADA, which provides a variety of animal care products via its Canadian distributorship.

UKAL CANADA distributes animal care products like: Stallion, Peach Teat, Heiniger, Speedrite, Patriot, Beaumont, Ketchum, Tru-Test, RJB, Prima-tech, Simcro, Demotec, Roto-clip, Hot Shot, Septicare, Kamer. The company works at developing and discovering new products to satisfy its customers and be able to provide farmers with the proper tools to do the job.

Our products are available at most fine agricultural product stores and online at:

HEINIGER BLADES AND CLIPPERS

The Heiniger family name is 3rd generation in the manufacture of high-quality swiss made animal shearing and clipping equipment. The Heiniger company initially began trading in fruit and vegetables in 1946 - but under the direction of my great-uncle Hermann Heiniger and my father Werner Heiniger, turned the business into a high quality manufacturer and global trader, whom specializes in animal fibre harvesting equipment.

For professional shearers only the highest quality counts. The proximity to our customers in markets such as Australia, UK and New Zealand in particular - combined with the engineering technology and precision manufacturing of Swiss technology - has arguably seen the Heiniger name become proud world leaders in the manufacturing and supply of professional sheep shearing and clipping equipment.

Since 1965, our animal shearing and clipping equipment has set the standard for quality, precision and reliability. Our products are developed and manufactured in Herzo-genbuchsee, in the heart of Switzerland. No matter which country you are in across the globe, or which animals you have - be it sheep, cattle, camelids, horses, goats or small animal pets - hundreds of thousands of animals are shorn, clipped and groomed with Heiniger "Made in Switzerland" products daily.
