## Clipping and Shearing

[ukalcanada.com](http://ukalcanada.com)

Xplorer Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
	100290 1 battery	990 kg	65 dB (A)	310mm	10.8V Lithium-ion	2450 cycles/min
	100292 2 Batteries	990	65 dB (A)	310mm	10.8V Lithium-ion	2450 cycles/min
<p><b>Xplorer Clipper</b> No awkward cord means flexibility and portability during clipping. This X-Series clipper is very powerful, ergonomic, and quiet. Via the unique double tooth gear, power is transmitted optimally from the motor to the clipping head. The LED display on the charger unit indicates current charge level of battery. Up to 2 hours of clipping time per charge. 3-year warranty on battery, charger, motor, and electronics. Includes carry case, charger, screwdriver, oil, brush. comes with a 31/23 bade set.</p>						

Xplorer Pro Clipper	Code	Weight	Battery Capacity	Length	Motor	Speed
	100296	975 g	2850 mAh	300 mm	10.8V Lithium-ion	2450/2900 cycles/min
	<p><b>Xplorer Pro Clipper</b> For cattle and horses. Even more powerful than the Xplorer, the Xplorer Pro has two speeds and an integrated pressure indicator. An LED display indicates the charge level on the battery. Delivered with a carrying case including a set of 21/23 comb &amp; cutter, instructions for use, screwdriver, cleaning brush, oil, and a charging station.</p>					

Xperience Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
	100293	1,250 kg	70 dB (A)	301 mm	200 watts	2500 cycles/min
	<p><b>Xperience Clipper</b> Full body horse and cattle clipper is the perfect balance between power and lightness. High performance, sturdy, ergonomic and lightweight. 3-year warranty on motor and electronics. Head parts must be maintained and possibly changed regularly depending on use. Delivered with carry case, 31/23 blades, screwdriver, oil, brush.</p>					

Handy Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
 <div style="background-color: #ccc; border-radius: 15px; padding: 5px; display: inline-block;">120 W</div>	100273	1,250 kg	75 dB	310 mm	120 watts	3200 cycles/min
	<p><b>Handy Cattle Clipper 120 W</b> Equipped with an exclusive and patented cutting system. Simple to adjust. Quiet, well balanced and low vibrations. Light weight and quiet, the HEINIGER HANDY cattle clipper will simplify your work. delivered with a 21/23 blade set. 3200 cycles minute, 120 Watts.</p>					

USV Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
 <div style="background-color: #ccc; border-radius: 15px; padding: 5px; display: inline-block;">320 W</div>	100272	1,530 kg	80 dB	310 mm	320 watts	2400 cycles/min
	<p><b>USV Cattle Clipper 320 W</b> Equipped with an exclusive and patented cutting system. Simple to adjust. Quiet, well balanced and low vibrations. Light weight and quiet, the HEINIGER USV cattle clipper will simplify your work. Delivered with a 21/23 blade set. 2400 cycles minute, 320 Watts.</p>					

Progress Clippers	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
	<b>100268</b>	930 g	(LpAm) 70 dB (A)	280mm	80 watts	2200 cycles/min
	<b>100269</b>	930 g	(LpAm) 70 dB (A)	280mm	80 watts	2200 cycles/min
<p><b>Progress Clipper</b>                      Power 65 Watts                      Its thin handle and lightness make this new horse machine very easy to handle. Very silent. The inclination of the head, 13°, reduces tiredness while shearing. Delivered in a sturdy case with a 31/23 blade set.</p>

**Setting the tension on your clipper**

1. With the clipper turned OFF (unplugged)
2. Loosen the tension nut anticlockwise until the blades become loose,
3. Turn the tension nut clockwise until you feel the nut coming up against resistance,
4. Plug in your clipper, and switch the clipper on.
5. Loosen the tension nut slowly until the blades are no longer under pressure and run freely, they will start to become noisy, at this point STOP!
6. Slowly tighten the tension nut until you feel resistance and hear the sound of the blades change, (also you might hear a slight change in the sound of the motor of the clipper especially on the less powerful clipper models) at this point STOP!
7. Tighten (turn clockwise) the tension nut by a MAXIMUM of ¼ to ½ a turn, your clipper blades should now be set to their BASE SETTING.
8. From there adjust as needed during clipping in no more than ¼ to ½ turn at a time

Xpert Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
	100285	1,180 kg	79 dB (A)	301mm	200 watts	2500 cycles/min
<b>Xpert Sheep Clipper</b> Power and technology are combined at the highest level in a handy, lightweight machine. The unique and innovative, strong connection between the shearing head and the fibreglass-reinforced housing ensures low vibration shearing, with an ergonomic handle design. 3-year warranty on motor and electronics. Comes with Ovina/Edge Comb & cutter set, case cleaning brush and oil.						
Xtra Clipper	Code	Weight	Noise emission (LpAm)	Length	Motor	Speed
	100268	1,180 kg	79 dB (A)	301mm	200 watts	2500 cycles/min
<b>XTRA sheep clipper 320 W</b> This powerful electric shearing handpiece has a patented floating fork system to provide an even pressure across the comb and cutter, this uses less pressure and extends the life of the comb and cutter by up to 50%. The motor is 320 watts and 2400 cycles/min. This powerful electric Heiniger sheep clipper comes complete with Ovina comb and Edge cutter, a durable carrying case, oil, brush, screwdriver, and manual. 3-year warranty on motor, electronics, and cord.						

### Professional ONE, 1 speed shearing machine

This powerful one speed shearing unit is equipped with a 230 V, 370 watt motor with 2900 cycles. It is adaptable for rigid and flexible down shafts. Compact and easy to handle thanks to its new ICON hand piece. Ideal for large flocks. Delivered with a 200 cm flexible, worm-drive axis and ICON handpiece.

**100 123 001**

Power	300 W
Speed	2950 t/min

Opal Two Speeds Clippers	Code	Style	Autonomy	Weight	Speed
	<b>154200</b>	1 Battery	240 min	415g	2600/3100 cycles/min
	<b>154300</b>	2 Batteries	240 min	415g	2600/3100 cycles/min

**Opal two Speeds Clipper**  
The Opal is extremely quiet. It is also impressively powerful and equipped with two speed levels. With 3100 double strokes per minute in fast mode (and 2600 in slow mode), this clipper works smoothly and quickly even through dirty and thick fur and hair. The latest lithium battery technology ensures cordless clipping up to 240 minutes. It takes just one hour for a full battery recharge. Thanks to the built-in battery level indicator, it is always possible to check the remaining battery time.

Midi and Mini Trimming Clippers	Code	Style	Autonomy	Weight	Speed
	<b>154820</b>	MIDI	100 min	240 g	4800 cycles/min
	<b>154840</b>	MINI	120 min	120 g	5500 cycles/min

**Midi Trimming Clipper**  
This trimmer is used on dogs' coats for partial shearing and contour trimming in the areas of the head, legs, belly and tail. The adjustable and foldable shearing head ensures a continuous adjustment of the cutting length, from 0.5 to 2.5 mm. The product is delivered together with 5 snap-on combs with cutting lengths of 4, 8, 12, 16 and 20 mm. Compatible with Wahl snap-on combs. Thanks to the cable adapter provided, the device may be connected at any time to a 120V mains supply.

**Mini Trimming Clipper**  
The Style Mini allows you to shear with extreme precision your dog's paws, eyes and tail. The adjustable snap-on comb ensures a cutting length ranging from 3 to 6 mm. This trimmer is particularly suitable for final styling. After use, the shearing head can be easily cleaned.
