## Lumia 8 incubator

LUMIA 8: A small, technologically advanced, high performance machine. Its elegant design with "smart" technology makes this machine smart and easy to use and one of the best in its class.

LUMIA 8 stems from a desire to make the miracle of life available to all. It includes the highest professional incubation technology aimed at those with a limited number of eggs. The same technology that BOROTTO uses in larger models that can reach a higher level of accuracy and reliability.

LUMIA 8 is designed and built to better meet farmyard poultry and valuable species breeding requirements. Thanks to the use of innovative materials and a functional and ergonomic design, LUMIA 8 is an indispensable instrument that is easy to use, both for the professional breeder and for all new breeding enthusiasts who want to try breeding farmyard animals for the first time, with expectations of a good result.

The incubator is suitable for hatching eggs from Hen, pheasant, guinea fowl, quail, grey partridge, partridge, duck, mallard, goose, turkey, peacock, coturnix, pigeon, Virginia quail, exotic birds and birds of prey.

Capacity Up to 8, for medium and large eggs (up to goose eggs). Or up to 32, for small eggs (like quail).

Nominal tension 12VDC (power supply unit included)  
Maximum power 50 W

Average hourly consumption 20 Wh

Display Digital temperature control with decimal point.  
Thermostat Microcomputer with PID technology.

Egg turning motor 12VDC inclinations and variable intervention times controlled by a microprocessor.

Ventilation 12 VDC silenced axial fan, 60 mm diameter, with Autore-start function.

Heater 50W FLEX silicone cable resistor.

Sizes and weight Cm 39X20, high cm 22. Weight Kg 1,660.
